

2020-21 SCHOOL YEAR Excellence and Safety

We are pleased to announce that based on New York State guidelines, Love of Learning Montessori School (LOLMS) plans to have all students on campus every day beginning in September. LOLMS is using a scenario-based plan to prepare for 2020-21, which means we have made multiple contingent operating models for the upcoming school year.

We have four plans (A, B, C, and D).

Plan A: Typical campus pre COVID-19. Hygiene, mask, and screening

Plan B: In-person start to the school year. Under plan B, the school follows guidelines issued by the CDC and NYS for private independent schools to safely reopen and operate in-person learning.

Plan C: Hybrid Learning; includes on-campus and remote-learning model.

Plan D: Remote Learning; despite our desire for sustained in-person learning, we are prepared to learn from home.

will have a slow opening spanning over a week beginning September 8th under **PLAN B**.
